

Head over Heels: Introducing the Woman in Glitters

At the ceiling were white textiles draped perfectly, with the sound of new born rock n' roll and jazz oozing in the air. In the centre aisle, congested with refined style and beauty, after everyone else, he sizzles off the runway, a staple 50s piece of polka dots hugging her frame, her lips stained with fierce magenta. She isn't only 'it'. Her brilliance in the front-running Junior High School organization makes her truly the Woman of the Night.

The passion and honour is conspicuous in her eyes as she jumps footloose on the dance floor. Lady Boss is her nom de plume. The way she carries herself, shoulders back, resonates with the way she empowers those in support of her cooperative. All of the knowledge she has garnered in all her years on the wreathing ways of excellence in leadership culminates the whole organization to success.

March 2018, Katherine Marie Flores, under the banner of Veteran Officials of Government United in Excellence Party (VOGUE), hastened for the presidency in the Junior Student Council (JSC) for the school year 2018-2019. The last year, she also was the Vice President of the JSC in partnership with Kane Marion Delos Reyes, former President.

Since elementary school, her name has been up in the boards as classroom mayor, to Pupil Supreme Board governor, grade level governor, JSC vice president, and now, JSC president. She has improved in the progression of her leadership, now carrying the headway of the Junior High School community.

Not only is she topping the boards in leadership, she also tops when it comes to academics. Despite the frenzy in the organizational works, she is able to manage her academics and personal life, as a daughter, a friend, and a *Kpop fangirl*. Regardless of the hectic schedule she always have within her hands, she still have time for everything. With her crimson heart ready to catch every challenge, she truly possesses the qualities of being a student leader.

With shimmering beauty and the glimmering passion to serve, this woman is a steward of change. With the big obligation she bears in her hands, she never even forgets to walk with poise and grace, never take each step without leaving a legacy. With her glittering pixie dust, she is a fairy that uses her head over her heels in bringing her council to the top.
